

INTRODUCING TUBION BATTERIES

THE NEW STANDARD FOR
TUBULAR POWER

- ✓ **Premium Tubular Technology**
- ✓ **Exceptional 5-Year Warranty**
- ✓ **30% Lower Cost vs Traditional Flat-Plate Batteries**

Energize your forklift with assurance! The TUBION battery provides outstanding performance, remarkable longevity, and unmatched value. Utilizing cutting-edge tubular plate technology, Tubion batteries ensure improved cycling capacity, enhanced durability, and extended lifespan compared to conventional models—all at a more affordable price.

PERFORMANCE

- **Tubular Plate Advantage**
With higher ampere hour than flat plate technology, Tubion delivers long-run time to get you working longer, and charging less!
- **Superior Deep Cycle Capability**
Designed for 80% DOD delivering 1500 cycles

STOCK AVAILABILITY

- **Over 100+ units in stock at Motive Energy Branches in BC, Alberta, and Manitoba**
- **Ability to assemble Custom Sizes at all Branches**
- **Local Support Across Canada**
