

BUDGET FRIENDLY TUBULAR PERFORMANCE

BUDGET FRIENDLY TUBULAR PERFORMANCE

THE TUBION INDUSTRIAL BATTERY ENSURES MAXIMUM RUN-TIMES THROUGH EUROPEAN TUBULAR TECHNOLOGY. THE TUBION BATTERY IS MANUFACTURED USING NONWOVEN GAUNTLETS TO ENSURE MAXIMUM PASTE RETENTION TO KEEP YOU RUNNING LONGER. WITH FULLY ISOLATED INTERCELL CONNECTORS, AND PATENTED TERMINAL SEALING CONSTRUCTION, THE TUBION BATTERY IS A GREAT ALTERNATIVE TO TRADITIONAL COSTLY FLATE-PLATE PRODUCTS. ASK US TODAY IF THE TUBION BATTERY IS RIGHT FOR YOUR APPLICATION.

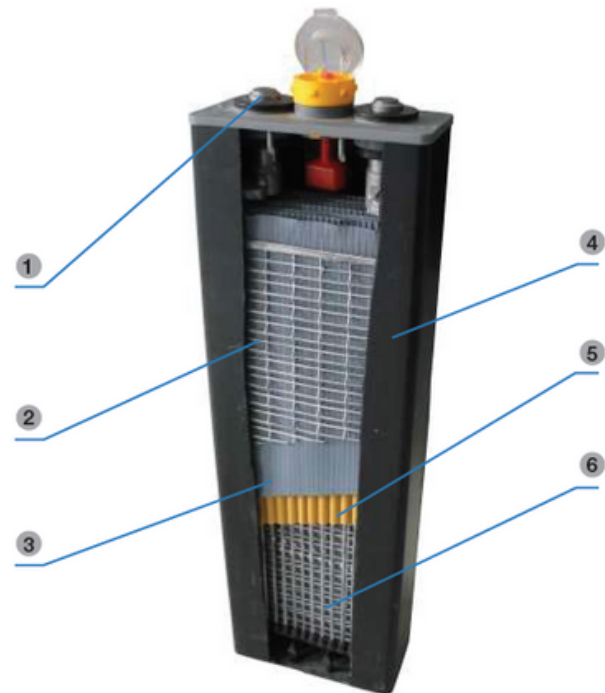

Flip top vent caps with electrolyte level indicators saves time during water level checks

Bolt-on terminals provide easy replacement of cells saving valuable time

Nonwoven protective gauntlet allows better elasticity, with less electrical resistance creating longer service life
